Speech Delivery Process

In this course, students will explore ways to become a more confident speaker, how to organize your thoughts, where to find credible information to support your ideas, the development of speech delivery skills and how to work together with classmates.

You can expect to deliver a variety of speeches in different formats such as in person, podcast, daily announcements, and in groups.

Speech due dates will be announced in class when the assignment is given. Names will randomly be drawn before the due date to determine order. Due to the pacing of course material, speeches that are not ready to be delivered on the due dates will be moved to the next speech delivery day, student will be placed on ICU and the speech will not receive a grade higher than 70%.
